Roddensvale School

Safeguarding & Child Protection Policy

December 2025

Date Ratified by Board of Governors: **08/12/25**

Date of Review: **December 2026**

1. Child Protection Ethos

We in Roddensvale School have a responsibility for the safeguarding and child protection of the children in our care and we will carry out this duty by providing a caring, supportive and safe environment, where each child is valued for his or her unique talents and abilities, and in which all our young people can learn and develop to their full potential. All staff, teaching and non-teaching, together with volunteers, should be alert to the signs of possible abuse and should know the procedures to be followed. This policy sets out guidance on the action, which is required where abuse or harm to a child is suspected and outlines referral procedures within our school.

2. Key Principles

The general principles, which underpin our work, are those set out in the UN Convention on the Rights of the Child and are enshrined in the Children (Northern Ireland) Order 1995, "Co-operating to Safeguard Children and Young People in Northern Ireland" (DHSSPSNI, 2017 and 2024), the Department of Education (Northern Ireland) guidance "Safeguarding and Child Protection in Schools" Circular 2017/04 (and subsequent amendments) and the SBNI Core Child Protection Policy and Procedures (2017).

The following principles form the basis of our Child Protection Policy:

- The child or young person's welfare is paramount
- The voice of the child or young person should be heard
- Parents are supported to exercise parental responsibility and families helped stay together
- Partnership
- Prevention
- Responses should be proportionate to the circumstances
- Protection
- Evidence based and informed decision making.

2.1 Adult Safeguarding

For further information see: https://www.health-ni.gov.uk/sites/default/files/publications/dhssps/adult-safeguarding-policy.pdf

Adult safeguarding is based on fundamental human rights and on respecting the rights of adults as individuals, treating all adults with dignity and respecting their right to choose. It involves empowering and enabling all adults, including those at risk of harm, to manage their own health and well-being and to keep themselves safe. It extends to intervening to protect where harm has occurred or is likely to occur and promoting access to justice. All adults at risk should be central to any actions and decisions affecting their lives.

We are committed to:

- Ensuring that the welfare of vulnerable adults is paramount.
- Maximising the student's choice, control and inclusion, and protecting their human rights.
- Working in partnership with others in order to safeguard vulnerable adults.

We will follow the procedures outlined in this policy when responding to concerns or disclosures of abuse relating to our pupils who are 18 years or over.

3. Other Relevant Policies

The school has a duty to ensure that safeguarding permeates all activities and functions. The child protection policy therefore complements and supports a range of other school policies including:

- Positive Behaviour Policy
- Positive Handling Policy
- Addressing Bullying Policy
- Special Educational Needs
- Educational Visits
- First Aid and Administration of Medicines
- Health and Safety Policy
- Relationships and Sexuality Education
- Intimate Care
- E-Safety Policy
- Educational Visits
- Staff Code of Conduct
- Whistle blowing

These policies are available to parents and any parent wishing to have a copy should contact the school office or visit the school website at www.roddensvale.org.uk

4. School Safeguarding Team

The following are members of the school's Safeguarding Team:

- Designated Teacher – Mrs Heather Stewart
- Deputy Designated Teachers – Mrs Rebecca Moorhead,
  Mrs Marian Humphrey,
  Miss Lydia Gray
  Mrs Jenny McBride
- Principals – Mr John Madden and Mrs Heather Stewart
- Chair of the Board of Governors – Mrs Maeve Maxwell
- Designated Governor for Child Protection – Mr David Hunter

5. Roles and Responsibilities

5.1 Board of Governors must ensure that:

- A Designated Governor for Child Protection is appointed.
- A Designated and Deputy Designated Teacher are appointed in their schools.
- They have a full understanding of the roles of the Designated and Deputy Designated Teachers for Child Protection.
- Safeguarding and child protection training is given to all staff and governors including refresher training.
- Relevant safeguarding information and guidance is disseminated to all staff and governors with the opportunity to discuss requirements and impact on roles and responsibilities.
- The school has a Child Protection Policy which is reviewed annually, and parents and pupils receive a copy of the child protection policy and complaints procedure every two years.
- The school has an Addressing Bullying Policy which is reviewed at intervals of no more than four years and maintains a record of all incidents of bullying or alleged bullying.
- The school ensures that other safeguarding policies are reviewed at least every 3 years or as specified in relevant guidance.

- There is a code of conduct for all adults working in the school.
- All school staff and volunteers are recruited and vetted, in line with DE Circulars
- They receive a full annual report on all child protection matters (It is best practice that they receive a termly report of child protection activities). This report should include details of the preventative curriculum and any initiatives or awareness raising undertaken within the school, including training for staff.
- The school maintains the following child protection records in line with DE Circulars 2015/13 Dealing with Allegations of Abuse Against a Member of Staff and 2020/07 Child Protection: Record Keeping in Schools: Safeguarding and child protection concerns; disclosures of abuse; allegations against staff and actions taken to investigate and deal with outcomes; staff induction and training.

5.2 Chair of Board of Governors

The Chairperson of the BoG plays a pivotal role in creating and maintaining the safeguarding ethos within the school environment.

In the event of a safeguarding or child protection complaint being made against the Principal, it is the Chairperson who must assume lead responsibility for managing the complaint/allegation in keeping with guidance issued by the Department (and relevant guidance from other Departments when it comes to other early years settings), employing authorities, and the school's own policies and procedures.

The Chairperson is responsible for ensuring child protection records are kept and for signing and dating annually the Record of Child Abuse Complaints against staff members even if there have been no entries.

5.3 Designated Governor for Child Protection

The BoG delegates a specific member of the governing body to take the lead in safeguarding/child protection issues in order to advise the governors on: -

- The role of the designated teachers
- The content of child protection policies
- The content of a code of conduct for adults within the school
- The content of the termly updates and full Annual Designated Teacher's Report

- Recruitment, selection, vetting and induction of staff.

5.4 The School Safeguarding Team

As best practice, in the best interests of the children, and as a support for the Designated Teachers, the school should establish a Safeguarding Team. This team should include the Chair of the BoG, the Designated Governor for Child Protection, the Principal (as Chair), the DT and the DDT. The team may co-opt other members as required to help address specific issues, for example the SENCO, ICT Co-ordinator, etc. Where schools have employed an individual with social work qualifications/ experience, the postholder may be included in the school safeguarding team. However, only teachers in schools can assume the safeguarding role and responsibilities of the Designated Teacher. This Safeguarding Team is a vehicle for ensuring effective co-ordination and co-operation between the key individuals responsible for safeguarding throughout the school.

The EA CPSS provides child protection training in relation to the specific responsibilities of each member of the team.

The responsibilities of the team should include:

- The monitoring and periodic review of Safeguarding and Child Protection arrangements in the school.
- Support for the DT in the exercise of their child protection responsibilities, including recognition of the administrative and emotional demands of the post.
- Ensuring attendance of Governors and staff at relevant training - including refresher training - in keeping with legislative and best practice requirements.

5.5 The School Principal

The Principal, as the Secretary to the BoG, will assist the BoG to fulfil its safeguarding and child protection duties, keeping them informed of any changes to guidance, procedure or legislation relating to safeguarding and child protection, ensuring any circulars and guidance from DE are shared promptly, and timely inclusion of child protection activities on the BoG meeting agenda. In addition, the Principal takes the lead in managing child protection concerns relating to staff.

The Principal has delegated responsibility for establishing and managing the safeguarding and child protection systems within the school. This includes the appointment and management of suitable staff to the key roles of DT and DDT Designated Teacher posts and ensuring that new staff and volunteers have safeguarding and child protection awareness sessions as part of an induction programme.

It is essential that there is protected time and support to allow the DTs to carry out this important role effectively and that DTs are selected based on knowledge and skills required to fulfil the role.

The Principal must ensure that parents and pupils receive a copy, or summary, of the Child Protection Policy at intake and, at a minimum, every two years.

5.6 The Designated Teacher and Deputy Designated Teacher

Every school is required to have a DT and DDT with responsibility for child protection. These are highly skilled roles developed and supported through a structured training programme, requiring knowledge and professional judgement on complex and emotive issues. The responsibilities involve:

- The induction and training of all school staff including support staff before they commence their role
- Being available to discuss safeguarding or child protection concerns of any member of staff
- Responsibility for record keeping of all child protection concerns.
- Ensuring staff are aware that Notes of Concern should be completed using the template provided in DE circular 2020/07
- Maintaining a current awareness of early intervention supports and other local services e.g. Family Support Hubs
- Making referrals to Social Services or PSNI where appropriate
- Liaison with the EA Designated Officers for Child Protection
- Keeping the school Principal informed
- Lead responsibility for the development of the school's child protection policy
- Promotion of a safeguarding and child protection ethos in the school
- Compiling written reports to the BoG regarding child protection.

The role of the DDT is to work co-operatively with the DT in fulfilling his/her responsibilities.

It is important that the DDT works in partnership with the DT so that he/she develops sufficient knowledge and experience to undertake the duties of the DT when required. DDTs are also provided with the same specialist training by CPSS to help them in their role.

5.7 Parents/Carers

The primary responsibility for safeguarding and protection of children rests with parents who should feel confident about raising any concerns they have in relation to their child.

Parents can play their part in safeguarding by informing the school:

- If the child has a medical condition or educational need.
- If there are any Court Orders relating to the safety or wellbeing of a parent or child.
- If there is any change in a child's circumstances for example - change of address, change of contact details, change of name, change of parental responsibility.
- If there are any changes to arrangements about who brings their child to and from school.
- If their child is absent and should send in a note on the child's return to school. This assures the school that the parent/carer knows about the absence. More information on parental responsibility can be found on the EA website at: www.eani.org.uk/schools/safeguarding-and-child-protection

It is essential that the school has up to date contact details for the parent/carer.

6. Child Protection Definitions

6.1 Definition of Harm

The following definitions are taken from '*Co-operating to Safeguard Children and young People in Northern Ireland August 2017*'.

Harm can be suffered by a child or young person by acts of abuse perpetrated upon them by others. Abuse can happen in any family, but children may be more at risk if their parents have problems with drugs, alcohol and mental health, or if they live in a home where domestic abuse happens. Abuse can also occur outside of the family environment. Evidence shows that babies and children with disabilities can be more vulnerable to suffering abuse.

Although the harm from the abuse might take a long time to be recognisable in the child or young person, professionals may be in a position to observe its indicators earlier, for example, in the way that a parent interacts with their child. Effective and ongoing information sharing is key between professionals.

Harm from abuse is not always straightforward to identify and a child or young person may experience more than one type of harm.

Harm can be caused by: Sexual abuse, Emotional abuse, Physical abuse, Neglect, Exploitation.

6.2 Types of Abuse

Physical Abuse is deliberately physically hurting a child. It might take a variety of different forms, including hitting, biting, pinching, shaking, throwing, poisoning, burning or scalding, drowning or suffocating a child.

Emotional Abuse is the persistent emotional maltreatment of a child. It is also sometimes called psychological abuse and it can have severe and persistent adverse effects on a child's emotional development. Emotional abuse may involve deliberately telling a child that they are worthless, or unloved and inadequate. It may include not giving a child opportunities to express their views, deliberately silencing them, or 'making fun' of what they say or how they communicate. Emotional abuse may involve bullying – including online bullying through social networks, online games or mobile phones – by a child's peers.

Neglect is the persistent failure to provide for a child's basic needs, whether it be adequate food, clothing, hygiene, supervision or shelter that is likely to result in the serious impairment of a child's health or development. Children who are neglected often also suffer from other types of abuse.

Sexual Abuse occurs when others use and exploit children sexually for their own gratification or gain or the gratification of others. Sexual abuse may involve physical contact, including assault by penetration (for example, rape, or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside clothing. It may include non-contact activities, such as involving children in the production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse (including via e-technology). Sexual abuse is not solely perpetrated by adult males. Women can commit acts of sexual abuse, as can other children.

Exploitation is the intentional ill-treatment, manipulation or abuse of power and control over a child or young person; to take selfish or unfair advantage of a child or young person or situation, for personal gain. It may manifest itself in many forms such as child labour, slavery, servitude, and engagement in criminal activity, begging, benefit or other financial fraud or child trafficking. It extends to the recruitment, transportation, transfer, harbouring or receipt of children for the purpose of exploitation. Exploitation can be sexual in nature.

Although 'exploitation' is not included in the categories of registration for the Child Protection Register, professionals should recognise that the abuse resulting from or caused by the exploitation of children and young people can be categorised within the existing CPR categories as children who have been exploited will have suffered from physical abuse, neglect, emotional abuse, sexual abuse or a combination of these forms of abuse.

6.5 Signs and Symptoms of Abuse – Possible Indicators

Co-operating to Safeguard Children and Young People in Northern Ireland | Department of Health

Physical Abuse

Physical Indicators	Behavioural Indicators
Unexplained bruises – in various stages of healing – grip marks on arms; slap marks; human bite marks; welts; bald spots; unexplained/untreated burns; especially cigarette burns (glove like); unexplained fractures; lacerations; or abrasions; untreated injuries; bruising on both sides of the ear – symmetrical bruising should be treated with suspicion; injuries occurring in a time pattern e.g. every Monday	Self-destructive tendencies; aggressive to other children; behavioural extremes (withdrawn or aggressive); appears frightened or cowed in presence of adults; improbable excuses to explain injuries; chronic runaway; uncomfortable with physical contact; come to school early or stays last as if afraid to be at home; clothing inappropriate to weather – to hide part of body; violent themes in art work or stories

Emotional Abuse

Physical Indicators	Behavioural Indicators
Well below average in height and weight; "failing to thrive"; poor hair and skin; alopecia; swollen extremities i.e. icy cold and swollen hands and feet; recurrent diarrhoea, wetting and soiling; sudden speech disorders;	Apathy and dejection; inappropriate emotional responses to painful situations; rocking/head banging; inability to play; indifference to separation from family indiscriminate attachment;

signs of self-mutilation; signs of solvent abuse (e.g. mouth sores, smell of glue, drowsiness); extremes of physical, mental and emotional development (e.g. anorexia, vomiting, stooping).	reluctance for parental liaison; fear of new situation; chronic runaway; attention seeking/needing behaviour; poor peer relationships.

Neglect

Physical Indicators	Behavioural Indicators
Looks very thin, poorly and sad; constant hunger; lack of energy; untreated medical problems; special needs of child not being met; constant tiredness; inappropriate dress; poor hygiene; repeatedly unwashed; smelly; repeated accidents, especially burns.	Tired or listless (falls asleep in class); steals food; compulsive eating; begging from class friends; withdrawn; lacks concentration; misses school medicals; reports that no carer is at home; low self-esteem; persistent non-attendance at school; exposure to violence including unsuitable videos.

Sexual Abuse

Physical Indicators	Behavioural Indicators
Bruises, scratches, bite marks or other injuries to breasts, buttocks, lower abdomen or thighs; bruises or bleeding in genital or anal areas; torn, stained or bloody underclothes; chronic ailments such as recurrent abdominal pains or headaches; difficulty in walking or sitting; frequent urinary infections; avoidance of lessons especially PE, games, showers;	What the child tells you; withdrawn; chronic depression; excessive sexual precociousness; seductiveness; children having knowledge beyond their usual frame of reference e.g. young child who can describe details of adult sexuality; parent/child role reversal; over concerned for siblings; poor self-esteem; self-devaluation; lack of confidence; peer problems; lack of involvement; massive weight change;

unexplained pregnancies where the identify of the father is vague; anorexia/gross over-eating.	suicide attempts (especially adolescents); hysterical/angry outbursts; lack of emotional control; sudden school difficulties e.g. deterioration in school work or behaviour; inappropriate sex play; repeated attempts to run away from home; unusual or bizarre sexual themes in children's art work or stories; vulnerability to sexual and emotional exploitation; promiscuity; exposure to pornographic material.

6.4 Sexual Exploitation of Children and Young People

Child sexual exploitation is a form of sexual abuse where children are sexually exploited for money, power or status. It can involve violent, humiliating and degrading sexual assaults. In some cases, young people are persuaded or forced into exchanging sexual activity for money, drugs, gifts, affection or status.

Consent cannot be given, even where a child may believe they are voluntarily engaging in sexual activity with the person who is exploiting them. Child sexual exploitation doesn't always involve physical contact and can happen online. A significant number of children who are victims of sexual exploitation go missing from home, care and education at some point.

6.5 Domestic Violence and Abuse

It is now recognised that children who live in an atmosphere of domestic violence may be at risk. Domestic violence is any incident or pattern of incidents of controlling, coercive or threatening behaviour, violence or abuse between those aged 16 or over who are or have been intimate partners or family members regardless of gender or sexuality. This can encompass, but is not limited to, the following types of abuse:

- Psychological
- Physical
- Sexual
- Financial
- Emotional
- Virtual

Symptoms which young people may display and which are indicators only include:

- Nervousness
- Low self-worth
- Disturbed sleep patterns
- Nightmares / flashbacks
- Physiological – stress / nerves
- Stomach pain
- Bed wetting
- Change in their presentation
- Emotional dysregulation
- Issues with transitioning to/from school
- Aggression
- Internalising distress or withdrawal
- Truancy
- Alcohol and drugs
- Bullying
- Issues with Food/Diet

If it comes to the attention of school staff that domestic abuse is or may be a factor for a child/young person this must be passed to the Designated/Deputy Designated Teacher who has an obligation to share the information to Social Services.

The following are guidelines for use by staff should a child disclose concerns of a child protection nature.

Do	Do not
❖ Listen to what the child says ❖ Assure the child they are not at fault ❖ Explain to the child that you cannot keep it a secret ❖ Document exactly what the child says using his/her exact words ❖ Remember not to promise the child confidentiality ❖ Stay calm ❖ Listen ❖ Accept ❖ Reassure	❖ Ask leading questions. ❖ Put words into the child's mouth. ❖ Ignore the child's behaviour. ❖ Remove any clothing. ❖ Panic ❖ Promise to keep secrets ❖ Ask leading questions ❖ Make the child repeat the story unnecessarily ❖ Delay ❖ Start to investigate

❖ Explain what you are going to do ❖ Record accurately ❖ Seek support for yourself	❖ **Do Nothing**

6.6 Operation Encompass

We are an Operation Encompass school. Operation Encompass is an early intervention partnership between local Police and our school, aimed at supporting children who are victims of domestic violence and abuse. As a school, we recognise that children's exposure to domestic violence is a traumatic event for them.

Children experiencing domestic abuse are negatively impacted by this exposure. Domestic abuse has been identified as an Adverse Childhood Experience and can lead to emotional, physical and psychological harm. Operation Encompass aims to mitigate this harm by enabling the provision of immediate support. This rapid provision of support within the school environment means children are better safeguarded against the short, medium and long-term effects of domestic abuse.

As an Operation Encompass school, when the police have attended a domestic incident and one of our pupils is present, they will contact the school at the start of the next working day to share this information with a member of the school safeguarding team. This will allow the school safeguarding team to provide immediate emotional support to this child as well as giving the designated teacher greater insight into any wider safeguarding concerns.

This information will be treated in strict confidence, like any other category of child protection information. It will be processed as per DE Circular 2020/07 'Child Protection Record Keeping in Schools' and a note will be made in the child's child protection file. The information received on an Operation Encompass call from the Police will only be shared outside of the safeguarding team on a proportionate and need to know basis. All members of the safeguarding team will complete online Operation Encompass training, so they are able to take these calls. Any staff responsible for answering the phone at school will be made aware of Operation Encompass and the need to pass these calls on with urgency to a member of the Safeguarding team.

Further information about Domestic Abuse Information Sharing with Schools etc. Regulations (Northern Ireland) 2022 can be found by following the link to: https://www.legislation.gov.uk

A child may suffer or be at risk of suffering from one or more types of abuse and abuse may take place on a single occasion or may occur repeatedly over time.

6.7 Adult Safeguarding

An '**Adult at risk of harm'** is a person aged 18 or over, whose exposure to harm through abuse, exploitation or neglect may be increased by their:

a) Personal characteristics and/or

b) Life circumstances

Personal characteristics may include, but are not limited to, age, disability, special educational needs, illness, mental or physical frailty or impairment of, or disturbance in, the functioning of the mind or brain.

Life circumstances may include, but are not limited to, isolation, socio-economic factors and environmental living conditions.

An **'Adult in need of protection'** is a person aged 18 or over, whose exposure to harm through abuse, exploitation or neglect may be increased by their:

a) Personal characteristics and/or

b) Life circumstances and

c) Who is unable to protect their own well-being, property, assets, rights or other interests; and

d) Where the action or inaction of another person or persons is causing, or is likely to cause, him/her to be harmed.

7. <u>Responding to Safeguarding and Child Protection Concerns</u>

Safeguarding is more than child protection. Safeguarding begins with promotion and preventative activity which enables children and young people to grow up safely and securely in circumstances where their development and wellbeing is not adversely affected. It includes support to families and early intervention to meet the needs of children and continues through to child protection. Child protection refers specifically to the activity that is undertaken to protect individual children or young people who are suffering or are likely to suffer significant harm[1].

7.1 If a parent has a potential child protection concern within the school

In Roddensvale School we aim to work closely with parents/guardians in supporting all aspects of their child's development and well-being. Any concerns a parent may have will be taken seriously and dealt with in a professional manner.

If a parent has a concern they can talk to the Class Teacher or any member of the school's safeguarding team: the Principal, the Designated or Deputy Designated Teachers for child protection.
If they are still concerned they may talk to the Chair of the Board of Governors. Many of our pupils have an allocated Learning Disability Social Worker who can also provide support. At any time, a parent may talk to a social worker in the local Gateway team or to the PSNI Central Referral Unit. Details of who to contact are shown in the flowchart in **Appendix 2**.

7.2 Where the school has concerns or has been given information about possible abuse by someone other than a member of staff including volunteers

In Roddensvale School if a child makes a disclosure to a teacher or other member of staff which gives rise to concerns about possible abuse, or if a member of staff has concerns about a child, the member of staff will complete a Note of Concern (see **Appendix 1**) and act promptly. **They will not investigate** - this is a matter for Social Services - but will discuss these concerns with the Designated/Deputy Designated Teacher. The person who reports the incident must treat the matter in confidence.

The Designated/Deputy Designated Teacher will consult with the Principal or other relevant staff **always taking care to avoid due delay.** If required advice may be sought from the Education Authority Designated Officer for Child Protection. The Designated Teacher may also seek clarification from the child or young person, their parent/carer.

The Designated/Deputy Designated Teacher will decide whether in the best interest of the child the matter needs to be referred to Social Services. If there are concerns that the child may be at risk, the school is obliged to make a referral. Unless there are concerns that a parent may be the possible abuser, the parent will be informed immediately.

If a child protection referral is not required the school may consider other options including monitoring, signposting or referring to other support agencies e.g. Family Support Hub with parental consent and, where appropriate, with the child/young person's consent.

Where there are concerns about possible abuse and a referral needs to be made the Designated/Deputy Designated Teacher will telephone Social Services Gateway Team if the child does not currently have an allocated Learning Disability Social Worker. He/she will also notify the EA's Designated Officer for Child Protection. A UNOCINI (Understanding the Needs of Children in Northern Ireland) referral form will also be completed and forwarded to the Gateway team with a copy sent to the EA Designated Officer for Child Protection and a copy will be kept in the school's child protection file.

If the concern relates to a student over the age of 18, the Designated Teacher may discuss the concerns with the Trust Adult Safeguarding Team or the Team with responsibility for Vulnerable Adults which will assess the level of risk.

Where appropriate the source of the concern will be informed of the action taken. For further detail please see **Appendix 3.**

7.3 Where a complaint has been made about possible abuse by a member of the school's staff or a volunteer

If a complaint about possible child abuse is made against a member of staff the Principal (or the Designated Teacher if the Principal is not available) **must be informed immediately**. If the complaint is against the Principal, then the Designated Teacher should be informed, and he/she will inform the Chairperson of the Board of Governors who will consider what action is required in consultation with the employing authority. The procedure as outlined in **Appendix 4** be followed.

8. Consent

Prior to making a referral to Social Services the consent of the parent/carers and/or the young person (if they are competent to give this) will normally be sought. The exception to this is where to seek such consent would put that child, young person or others at increased risk of significant harm or an adult at risk of serious harm, or it would undermine the prevention, detection or prosecution of a serious crime including where seeking consent might lead to interference with any potential investigation.

In circumstances where the consent of the parent/carer and/or the young person has been sought and is withheld we will consider and, where possible, respect their wishes. However, our primary consideration must be the safety and welfare of the child, and we will make a referral in cases where

consent is withheld if we believe on the basis of the information available that it is in the best interests of the child/young person to do so.

There is a difficult balance between gaining consent for a referral into Adult Protection Gateway services and also ensuring a vulnerable adult is protected from harm. Consent will always be sought from the person for a referral to statutory agencies.
If consent is withheld, then a referral will not be made into the Adult Protection Gateway unless there is reasonable doubt regarding the capacity of the adult to give/withhold consent. In this case contact will be made with the local Adult Protection Gateway team to seek further advice.
In situations where there is reasonable doubt regarding an individual's capacity, they will be informed of the referral, unless to do so would put them at any further risk.

The principle of consent may be overridden if there is an overriding public interest, for example in the following circumstances:

- the person causing the harm is a member of staff, a volunteer or someone who only has contact with the adult at risk because they both use the service or
- consent has been provided under undue influence, coercion or duress
- other people are at risk from the person causing harm
- or a crime is alleged or suspected

9. Attendance at Child Protection Case Conferences and Core Group Meetings

The Designated Teacher/Deputy Designated Teacher may be invited to attend an initial and review Child Protection Case Conferences and/or core group meetings convened by the Health & Social Care Trust. They will provide a written report which will be compiled following consultation with relevant staff. Feedback will be given to staff under the 'need to know 'principle on a case-by-case basis. Children whose names are on the Child Protection register will be monitored and supported in accordance with the child protection plan.

10. Confidentiality and Information Sharing

Information given to members of staff about possible child abuse cannot be held "in confidence". In the interests of the child, staff have a responsibility to share relevant information about the protection of children with other professionals particularly the investigative agencies. In keeping with the principle of confidentiality, the sharing of information with school staff will be on a 'need to know' basis.

Where there have been, or are current, child protection concerns about a pupil who transfers to another school we will follow DE guidance in determining what information should be shared with the Designated Teacher in the receiving school.

Where it is necessary to safeguard children, information will be shared with other statutory agencies in accordance with the requirements of this policy, the school data protection policy and the General Data Protection Regulations (GDPR)

In accordance with DE guidance, we have developed clear guidelines for the recording, storage, retention and destruction of both manual and electronic records where they relate to child protection concerns.

In order to meet these requirements all child protection records, information and confidential notes concerning pupils in our school are stored securely and only the Designated Teacher/Deputy Designated Teachers and Principal have access to them. In accordance with DE guidance on the disposal of child protection records these records will be stored from child's date of birth plus 30 years. If information is held electronically, whether on a PC, a laptop or on a portable memory device, all must be encrypted and appropriately password protected.
These notes or records should be factual, objective and include what was seen, said, heard or reported. They should include details of the place and time and who was present and should be given to the Designated/Deputy Designated Teacher. The person who reports the incident must treat the matter in confidence.
If a pupil from our school attends an EOTAS provision, a member of the safeguarding team will share any child protection concerns they have with the DT in the centre. If child protection concerns arise when the pupil is attending an EOTAS provision the designated teacher in EOTAS will follow child protection procedures and will advise a member of the school's safeguarding team of the concerns and any actions taken. It is the responsibility of EOTAS staff to maintain their records in accordance with DE Circular 2020/07 Child Protection: Record Keeping in Schools and any subsequent updates.

With the increasing growth of the school particularly as we are now operating out of three sites, CPOMS (Child Protection Online Management system) is being implemented to monitor and record all safeguarding issues. This is a secure platform which is used to effectively and efficiently support Safeguarding procedures in schools.

7. Recruiting and Vetting of Staff and Volunteers

Vetting checks are a key preventative measure in preventing unsuitable individuals' access to children and vulnerable adults through the education system and schools must ensure that all persons on school property are vetted, inducted and supervised as appropriate if they are engaged in regulated activity. All staff paid or unpaid who are appointed to positions in Roddensvale School are vetted/supervised in accordance with relevant legislation and Departmental guidance.

8. Code of Conduct for all Staff - Paid or Unpaid

All actions concerning children and young people must uphold the best interests of the young person as a primary consideration. Staff must always be mindful of the fact that they hold a position of trust and that their behaviour towards the child and young people in their charge must be above reproach. All members of staff sign and agree with the school's Code of Conduct for Employees and Volunteers which has been approved by the Board of Governors.
The school's code of conduct is available on request.

9. The Preventative Curriculum

Throughout the school year child protection issues are addressed through class assemblies and class lessons. These are delivered at a level suitable to the developmental level of our pupils, aided by outside agencies such as White Ribbon. There is a permanent child protection notice board in the main corridor and relevant information in each resource area, which provides advice and displays child helpline numbers. Other initiatives which address child protection and safety issues: School visitors e.g. fire fighters, police etc. health visitor parent programmes.

Other initiatives which address child protection and safety issues:

- E-Safety lessons in conjunction with the PSNI
- Relationships and Sexuality Education, delivered by staff who have received specific training in teaching RSE to young people with a learning disability

10. Monitoring and Evaluation

This policy will be reviewed annually in the light of any further guidance and legislation as necessary by the Safeguarding Team and approved by the Board of Governors for dissemination to parents, pupils and staff.

The Board of Governors will also monitor child protection activity and the implementation of the Safeguarding and Child Protection policy on a regular basis through the provision of reports from the Designated Teacher.

On-going evaluation will ensure the effectiveness of the Policy.

APPENDIX 3

Procedure Where the School Has Concerns, or Has Been Given Information, about Possible Abuse by Someone Other Than a Member of Staff

APPENDIX 4

Dealing with Allegations of Abuse against a Member of Staff

Key Points

Lead Individual learns of an allegation against a member of staff and informs the Chair/Vice Chair of BoG as appropriate

Guidance on next steps

Lead Individual then:

Establishes the facts, seeks advice from the key agencies as appropriate, usually through informal discussion

Possible Outcomes

Following on from establishing the facts, seeking advice from Key Agencies and discussion with the Chair and/or the BoG to agree way forward from the options below

Precautionary suspension is not appropriate and the matter is concluded	Allegation addressed through relevant Disciplinary Procedures	Precautionary suspension under Child Protection Procedures imposed	Alternatives to Precautionary Suspension imposed
